ONE OF MIAMI'S COMMUNITY NEWSPAPERS

FEBRUARY 26, 2016

## The *NEW* Palace Gardens in Homestead is winning National Awards Before It's Even Open

The National Association of Homebuilders, America's top real estate industry group, annually recognizes the best Senior Communities in the nation. This year, Palace Group founder Helen Shaham, received the Silver Award for Developer of the Year in senior housing and our own Pam Parker from The Palace at Coral Gables was named #1 Social Director in the Country.

The *NEW* Palace Gardens was also recognized, receiving the Silver Award for Best On-the-Boards Assisted Living/Memory Care Community in the Country.

The Palace Gardens is proud to have also received CARF Accreditation, the highest level of accreditation that can be given to an Assisted Living Community. The Palace Gardens is one of only 4 rental ALF's in Florida with CARF Accreditation.
