

Palace Gardens Hosts “Catwalk for the Cure” to Benefit Breast Cancer Awareness

The Palace Gardens, our Assisted Living & Memory Care community in Homestead, recently hosted “Catwalk for the Cure,” a dazzling fashion show and luncheon held in honor of Breast Cancer Awareness Month. Ten lovely models, all of whom were breast cancer survivors, strutted the runway and modeled fall fashions graciously provided by Dress Barn.

Our fabulous Director of Sales Elizabeth Martinez orchestrated and emceed the festivities, while our incredible chefs did their part and created a spectacular luncheon, as guests were charmed by the talents of drag queen divas.

The event is part of The Palace Group’s mission to support worthy organizations and help raise awareness and funds for causes that are meaningful to residents, employees and their families.

Right across the street from Baptist Homestead.
